Mark	In words	Abbreviation
5,0	very good	bdb
4,5	plus good	plus db or +db
4,0	good	db
3,5	plus satisfactory	plus dst or +dst
3,0	satisfactory	dst
2,0	insufficient	ndst
passed	passed	zal.
not passed	not passed	nzal.

The final mark for the first cycle degree programme is calculated according to the formula:

$$W = x/2 + y/4 + z/4$$

where:

x – means the arithmetic mean of the credit marks and examination marks obtained by the student during the study without the diploma examination,

y – means the mark of diploma examination/a mark from the theoretical part of examination,

z – means the mark of the bachelor's thesis/a mark from the theoretical part of examination.

The final study result is written down in the diploma according to the principle:

Arithmetic mean	Final mark

8. INFORMATION ON THE NATIONAL HIGHER EDUCATION SYSTEM

8.1. Access to the higher education

The total duration of education until completion of a school which offers the possibility of taking the secondary school leaving examination (maturity examination) is 12-15 years. Having passed successfully the secondary school leaving examination (maturity examination), graduates are awarded a secondary school leaving certificate which entitles them to apply for admission to a higher education institution.

8.2. Higher education system

Higher education system in Poland and the basis for its operation are laid down in the Act of 20 July 2018 – The Law on Higher Education and Science (Journal of the Laws, item 1668, as amended).

Public universities are created by a state authority. Studies at universities are conducted as first-cycle, second-cycle and uniform master's studies. Studies can be conducted as full-time or part-time studies. First cycle programme studies last at least 6 semesters, and if the study program includes learning outcomes enabling engineering competences, at least 7 semesters. Second-cycle programme studies last from 3 to 5 semesters. The stationary uniform master's studies last from 9 to 12 semesters.

Part-time studies may take longer than the corresponding full-time studies.

Qualifications obtained as a result of graduation as part of higher education are assigned the level of the Polish Qualifications Framework set out in the Act of 22 December 2015 on the Integrated Qualifications System (Journal of Laws of 2018, item 2153, as amended).

The first cycle diploma confirms the full qualification at level VI of the Polish Qualifications Framework. Second cycle programme diploma and uniform master's diploma confirm the full qualification at level VII of the Polish Qualifications Framework.
